- Carmina Burana, with its grandeur and epicness, will be the soul of our commercial.
- Its orchestral crescendos will align perfectly with our narrative peaks, amplifying the emotions manifold.
- The quieter moments will be underscored with subtle undertones, maintaining the tension and anticipation throughout.

- One classic example from the world of TVC's
- I would like to go totally in the world of betting commercial meaning dynamic , entertaining and modern:
- Also I would like to go epic :
- During the time I have done something similar. Combining the effect of high sped shots with classical music here some example.
